

Helihoist Status Light

Model: BEA-XGX-xxx-FA-LI

COMPLIANT

- CE

CERTIFIED

UK CAA CAP 437

FEATURES

- Provides required visual signals for safe Helicopter Hoisting operation as per CAP 437 standard
- Small profile, low wind load
- Robust lightning protection (class 1,2 and 3)
- Includes IR LED for NVG compatibility
- BEA-XGX-Q02-FA-LI – Option with connector

SPECIFICATIONS

Optical Characteristics

Lamp Type	LED
Light Color	Green, IR
Effective Intensity	Max 750 cd day/ 60 cd night
Horizontal coverage	360°
Expected min. Lamp Life	100 000 h

Electrical Characteristics

Power consumption	30W in Operation
Supply Voltage	9-30V Dc

Physical Characteristics

Weight	5.2 kg
Dimensions (WxDxH)	379 X 379 X 123.5 mm 14.9 X 14.9 X 4.9 in
Ingress Protection Rating	IP68
Operating Temperature	-40°C to 55°C (-40°F to 131°F)

Miscellaneous

Mounting pattern	Standard aviation beacon bolt pattern 339mm/13.25 inch dia.
Warranty	5 Years
