

## SAR LIGHT

Model: BEA-XRI-XXX-FA-00-SAR

### FEATURES

- Provides required visual signals for SAR Event
- Small profile, low wind load
- Robust lightning protection (class 1,2 and 3)
- Includes IR LED for NVG compatibility
- BEA-XRI-Q02-FA-00-SAR : Option with connector

### SPECIFICATIONS

#### Optical Characteristics

Lamp Type	LED
Light Color	Red, IR
Effective Intensity	200cd
Horizontal coverage	360°
Expected min. Lamp Life	10 years +

#### Electrical Characteristics

Power consumption	30W
Supply Voltage (from ctrl)	9-30V DC

#### Physical Characteristics

Weight	4kg (8.8 lb)
Dimensions (WxDxH)	379 X 379 X 137 mm 14.9 X 14.9 X 5.4 in
Ingress Protection Rating	IP68
Operating Temperature	-40°C to 55°C (-40°F to 131°F)

#### Miscellaneous

Warranty	5 Years
----------	---------

### COMPLIANT

- Maritime Coastguard Agency – OREI SAR Requirements v3.0 UK
- CE
